

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

A LEXICON OF NEW TESTAMENT GREEK.

A
LEXICON
OF
NEW TESTAMENT GREEK
ON A NEW PLAN,

BY WHICH THE GREEK NEW TESTAMENT MAY BE TRANSLATED
INTO ENGLISH WITH DEMONSTRABLE ACCURACY
BY THE SIMPLEST METHOD.

London:
ELLIOT STOCK, 62, PATERNOSTER ROW.
1877.

302. e. 105.

P R E F A C E .

THE object of this work is to help the Bible student to translate the Greek New Testament into English with *demonstrable accuracy*, in the simplest and easiest way.

In proportion as a Lexicon is explicit, clear and simple, it is calculated to render a language easy, even for a child to learn, for it will interest and please the learner.

It is maintained that it takes more time and trouble to acquire an accurate and ready knowledge of the nature and inflexion of the verb, than that of all other parts of speech put together.

In the Greek New Testament there are more than eighteen hundred Verbs, which, with their meanings, are given in the Lexicon.

These Verbs admit of above ten thousand inflexions. An inflexion is generally a change of *termination*, in order to the expression of a grammatical difference of idea.

These ten thousand inflexions require a separate and very different arrangement from that adopted for words in a Lexicon ; and as it has been ascertained that all Greek *Verbs* (and *Participles*) terminate in one of nine letters, they have been arranged with a *double* Index, so as greatly to facilitate reference.

These considerations make it desirable to place all these inflexions in a book by themselves, as a COMPANION to the LEXICON; and the separating ten thousand inflexions of Verbs from the Lexicon is a great advantage to the student, for, by the separation, both books have been so far simplified and classified.

But each book will require an explanation.

1st, then—The Lexicon is printed in columns; Verbs and leading words are numbered on the *left* side of each column; and the inflexions of nouns, etc., are numbered on the *right* side, and refer to their respective nominatives.

When several inflexions from the *same word* follow each other, they are joined by a line, and their root number is added only to the last—as No. 8, on the line with *αγαθων*, on page 1, which refers to the root *αγαθος*, of the same number on the left side.

Sometimes an inflexion does not fall on the same page with its root—as “*a*,” on the fifth line of page 1, where it is followed by (ὅς 75·16), which indicates the page and number where its root will be found.

The English meanings are invariably given in Italics; but, to make an explanation clearer, a word or two in Roman letters is sometimes added: thus, on page 19, root 18, the meaning is simply, “*not made with hands*.”

Prepositions, etc., have diverse and very numerous meanings; but while it would be hard to find more appropriate renderings than some in the Authorized

Version, yet there are others in it which are unsuitable. In such a case a better meaning has been suggested. Take one example:—

“For as *in accordance with* Adam all die, even so, *in accordance with* Christ shall all be made alive” (1 Cor. xv. 22). The correct meaning of *ἐν* in this text is in *Italics*, and is sanctioned by the best Lexicons.

Sometimes but little room can be allowed for a reference, perhaps only the first letter of a name or of a book—as, A. for Acts, P. for Peter, J. for John, etc.

To copy the Greek alphabet a few times with care, is the best way to make the letters familiar to the learner.

γ is sounded like *n*, before γ, κ, ξ or χ, as in *αγγελος*, *αγκλη*, *ανκαlee*.

The Greek Alphabet contains twenty-four letters:

Figure.	Name.	Power.	Figure.	Name.	Power.
A, α,	Alpha,	a.	N, ν,	Nu,	n.
B, β,	Beta,	b.	Ξ, ξ,	Xi,	x.
Γ, γ,	Gamma,	g.	Ο, ο,	Omicron,	ō.
Δ, δ,	Delta,	d.	Π, π,	Pi,	p.
Ε, ε,	Epsilon,	ē.	Ρ, ρ,	Rho,	r.
Ζ, ζ,	Zeta,	z.	Σ, σ, ς final,	Sigma,	s.
Η, η,	Eta,	ē.	Τ, τ,	Tau,	t.
Θ, θ,	Thêta,	th.	Υ, υ,	Upsilon,	u.
Ι, ι,	Iôta,	i.	Φ, φ,	Phi,	ph.
Κ, κ,	Cappa,	k.	Χ, χ,	Chi,	ch.
Λ, λ,	Lambda,	l.	Ψ, ψ,	Psi,	ps.
Μ, μ,	Mu,	m.	Ω, ω,	Omêga,	ō.

The following Abbreviations have been used in this Volume:

A.	= Accusative.	n. or neut.	= Neuter.
a. or adj.	= Adjective.	N.	= Nominative.
adv.	= Adverb.	n.	= Noun.
comp.	= Comparative.	P.	= Plural.
D.	= Dative.	S.	= Singular.
f. or fem.	= Feminine.	super.	= Superlative.
G.	= Genitive.	v.	= Verb.
m. or mas. ...	= Masculine.	V.	= Vocative.

ABBREVIATIONS

Used in this book are here placed alphabetically in the column on the left hand. Then they are distributed in their respective columns, and on the same line. The meaning of each is given in the column on the right hand.

	CASE.	GENDER. PERSON.	NUMBER.	TENSE.	VOICE.	MOOD.	
A	A	Accusative case
A 1	A 1	Aorist 1 tense
A 2	A 2	Aorist 2 tense
A	A	Active Voice
D	D	Dative case
f	f	Feminine gender
F 1	F 1	Future 1 tense
F 2	F 2	Future 2 tense
G	G	Genitive case
IMPF	IMPF	Imperfect tense
IMPERA	IMPERA	Imperative mood
IND	IND	Indicative mood
INFIN	INFIN	Infinitive mood
m.....	...	m	Masculine gender
M	M	Middle Voice
N	N	Nominative case
neut.....	...	neut	Neuter gender
OPT	OPT	Optative mood
P	P	Plural number
PERF	PERF	Perfect tense
PF & PLUP	PF & PLUP	Perfect and Plu- perfect tense
PLUP	PLUP	Pluperfect tense
PRES	PRES	Present tense
P & IMPF	P & IMPF	Present and Im- perfect tense
P.....	P	Passive Voice
PAR	PAR	Participle
S	S	Singular number
SUB	SUB	Subjunctive mood
V	V	Vocative case
1	1	First person
2	2	Second person
3	3	Third person

 καθότι, adv., according as, forasmuch
 as, because, because that.
 καθὼς, adv., according as, according to,
 as, even as, how, when.
 41 καί, conjunction—
 also, for,
 although, now (Mark viii. 14),
 and, or,
 and that, so,
 and when, that (Luke iii. 20),
 and yet (Acts then,
 xxiii. 3), therefore,
 both, what? (Mark x. 26),
 but, when (Heb. viii. 8),
 even, yet.
 καί is sometimes used, not as a mere
 conjunction to connect words and
 sentences, but to take up something
 that has gone before; thus, in Mark
 xii. 38, "love" is in italics, which
 shows that word is not in the text,
 but is afterwards added in connection
 with καί, "and love salutations."

- 1 καίτε, *and truly, at least.*

 9 ξύλον, n., a stock, a staff, a tree, wood.
 ξύλου, G.S. |
 ξύλου, D.S. |
 ξύλων, G.P. | (9)
 10 ξυράω, v., to shave.

Ο.

II ο, article. The Greek article was used
 in earliest writings as a relative
 pronoun, but afterwards its force
 was that of the definite article, *The*.
 The article defines and strengthens
 a word, as Romans x. 17, "so then
 faith cometh by hearing, but (ὁ) *especially*
 by listening to the word of
 God."

DECLENSION OF THE GREEK ARTICLE.

	Singular.			Plural.		
	mas.	fem.	neut.	mas.	fem.	neut.
Nom.	ὁ	ἡ	τὸ	οἱ	αἱ	τὰ
Gen.	τοῦ	τῆς	τοῦ	τῶν	τῶν	τῶν
Dat.	τῷ	τῇ	τῷ	τοῖς	ταῖς	τοῖς
Acc.	τὸν	τὴν	τὸ	τούς	τάς	τὰ

In elliptic expressions, as Matt. i.
 6, where a *fem. article* stands before
 the genitive of a masculine, the
 relation intended, must be supplied
 from the context. "*The widow of*
Uriah" (see 2 Sam. xii. 14 to 24).

According to Liddell and Scott's
 excellent Classical Lexicon, the
 article in single cases may be used
 for, *there, on that spot, this place* is,
 etc.; therefore τὴν, in Matt. xvii.
 20, might with the greatest pro-
 priety be rendered, *this place* is.
 See Criticism in Preface.

ο, relat. pron. N.S. | neut. (ὁs, 75.16)

ογδόη, D.S. | fem. (14)

ογδοήκοντα, a., fourscore.

13 ογδοήκοντα τέσσαρες, eighty-four.

ογδοήκοντα τσσαράν, G.P. | (13)

ογδοον, A.S. | (14)

14 ογδοος, a., the eighth.
